Shahdara, Lahore.

About Me

I'm a BSCS student at GCU Lahore with strong fundamentals in programming, databases, and web development. Passionate about IT support, software testing, and cybersecurity, I enjoy solving technical problems and learning new technologies. As a project manager in FSDS Society, I've developed strong leadership, communication, and teamwork skills.

Education

Bachelor of Computer Science
Govt. College University 2023 - 2027

I am currently studying in my 6th semester of BSCS and am dedicated to securing an internship to gain practical experience.

Higher Secondary School Certificate
Govt. Islamia College 2021 - 2023
I have done FSC(Pre-medical) from GIGCCL with 84% marks.

Matriculation
Al-Noor Group Of Schools 2019 - 2021
I have done my matriculation from Al-nnor group of Schools & Colleges with 97.8% marks.

Skills

- **Programming:** C++, Python, HTML, CSS, JavaScript
- **Core Concepts:** PF, OOP, DSA, DBMS, Operating Systems, Software Engineering
- **Web Development:** Front-end design, basic back-end integration
- **Tools & Platforms:** Windows, Ubuntu, VS Code
- **IT Support:** Basic Level course from microsoft.
- Strong Communication & Presentation Skills
- Leadership and Team Coordination
- Project Management & Time Management
- Problem-Solving and Adaptability

Career Objective

Passionate and detail-oriented BSCS student at GCU Lahore, specializing in Front-End and Full-Stack Web Development. Skilled in **React.js**, **Next.js**, **Node.js**, and **MongoDB**, with a solid foundation in programming and databases. Seeking an internship opportunity where I can build scalable, responsive web applications, enhance my development skills, and contribute to innovative software projects in a dynamic team environment.

Experience

WEB DEVELOPER
GIOCO LABS

I have completed a 3-month course as a Web Developer at Gioco Lab-Johar Town, where I gained hands-on experience in web design and development. This internship helped me enhance my technical expertise, communication skills, and professional work ethics through teamwork, project collaboration, and client-focused development tasks.

Project Manager
FSDS Society

I am currently serving as a Project Manager at the FSDS Society, Government College University (GCU), where I am responsible for overseeing and coordinating various technical and organizational projects. This role has significantly strengthened my leadership, team management, and communication skills, while enhancing my ability to plan, delegate, and ensure the successful completion of projects within defined timelines.

University Projects

- GYM Management System in DataBase.
- Small games through coding
- AI-Based Project (Python) – Implemented a simple AI model for decision-making and data classification, gaining understanding of machine learning concepts and libraries like NumPy and scikit-learn.

Languages

- **English** - Excellent written and Spoken
- **Urdu** - Mother Tongue
